Aishah Salleh and Nooraini Abdul Rahim : Diatoms of the Rivers Pergau, Renyok, Ayer  
Lanas, Lata Rek and Jeram Lenang, Kelantan, Malaysia

#### Abstract

Diatom populations from the Rivers Pergau, Renyok, Ayer Lanas, Lata Rek and Jeram  
Lenang, Kelantan, Malaysia were investigated from 3<sup>rd</sup>-5<sup>th</sup> May, 1993. The 39 taxa from  
13 genera were recorded. *Fragilaria vaucheriae*, *Fragilaria pinnata* var. *intercedens* and  
*Cymbella tumida* were major diatoms in the rivers. The following three taxa are new  
record for Malaysia : *Navicula muncki*, *Navicula terminata* and *Neidium gracile*.
